OUR PROCESS

Mission

Our mission is to provide cost-effective solutions to our customers' exacting needs. We will continue to satisfy and fulfil the needs of our customers by providing international quality standards product. Our approach to sales and development is market-focused and process-oriented. To become a globally competitive manufacturing company, we continuously learn and adopt new technologies and techniques for best practices in innovation and quality.

Vision

Our vision is to be the number one manufacturer and exporter of high-quality metal components and to be a leading competitor worldwide. We are gradually achieving our vision through continuous research, improvement, and dedication. S M Enterprises' renowned reputation ensures the clients that they receive only the best quality product at the most competitive price and constantly adapt to customer requirements. With this in mind, we strive to be a well-known manufacturer and exporter of Metal Products worldwide.

INDUSTRIES WE SERVE

- Automotive
- Railway
- Construction
- Mining
- Agriculture
- Marine
- Aerospace
- Oil & Gas
- Manufacturing
- Solar
- Defence
- Electrical

INFRASTRUCTURE & FACILITIES

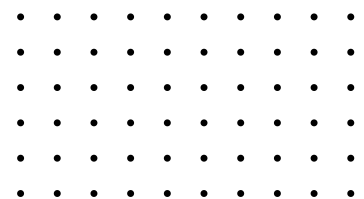

Located at Ahmednagar in Maharashtra , we have developed a state-of-art manufacturing unit, which is spread across a wide area and equipped with advanced machinery and equipment. At S M Enterprises , we strictly follow a standard quality management system in each unit and every process to assure a high-quality product. Moreover, with the support of our advanced in-house manufacturing unit, we meet the bulk demands of our clients within a committed time frame.

In order to manufacture and export an immaculate range of metal components, we have set up a sophisticated and well-established infrastructure. Our in-house manufacturing unit has been divided into several sections to ensure smooth and uninterrupted operation. This infrastructure is made up of the following units:

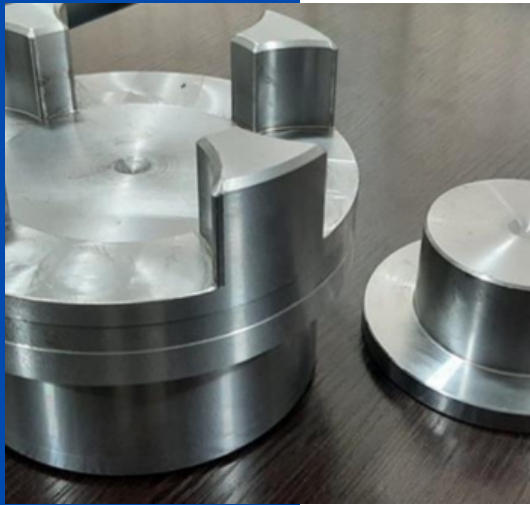

- Raw-material storage unit
- Manufacturing unit
- Quality controlling unit
- Warehouse unit
- Packaging department
- R & D division
- Sales and marketing department

QUALITY POLICY

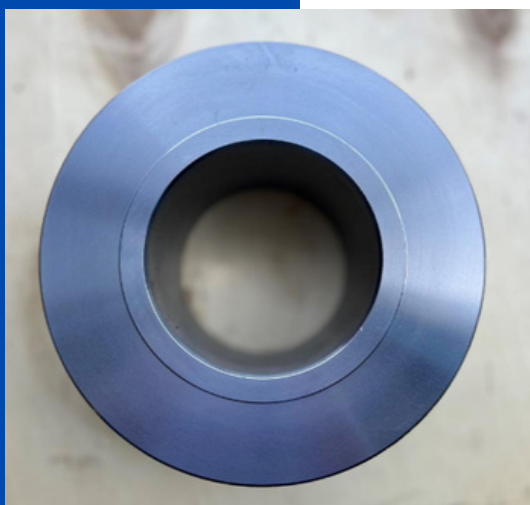

As an ISO 9001:2015 Certified manufacturer of Metal Components and products, Quality is our prime concern. We strive to provide our customers with the highest quality and RoHS Compliant products, adhering to International Standards such as DIN Standard, ANSI Standard, JIS Standard, ISO Standard, BS Standard, SAE Standard, ASTM Standard, and thus maintaining our valued customer's reputation in the market. To produce precision metal components, all of our products are manufactured and regulated using the KANBAN System. We are committed to adopting and implementing the most recent global standards, techniques, and systems to ensure total quality control.

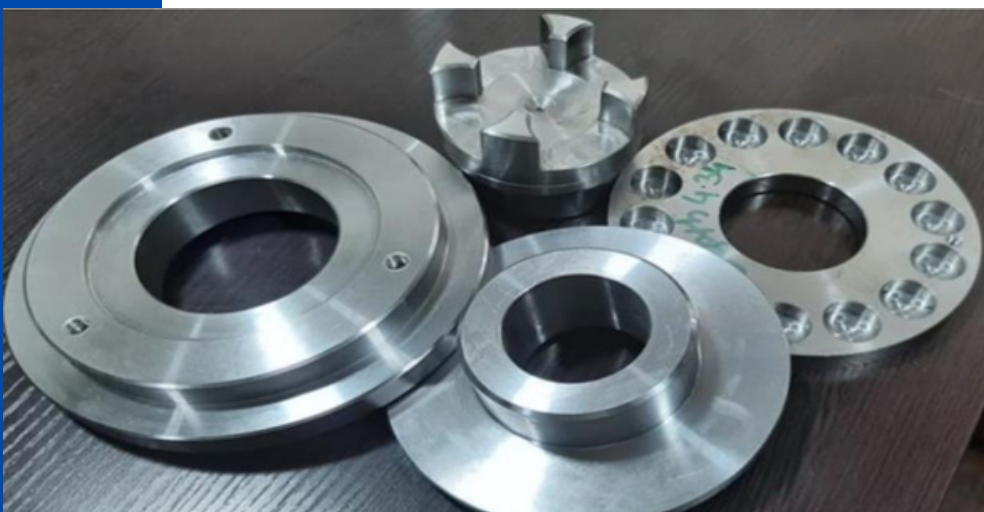

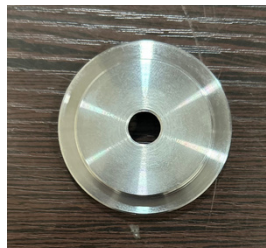

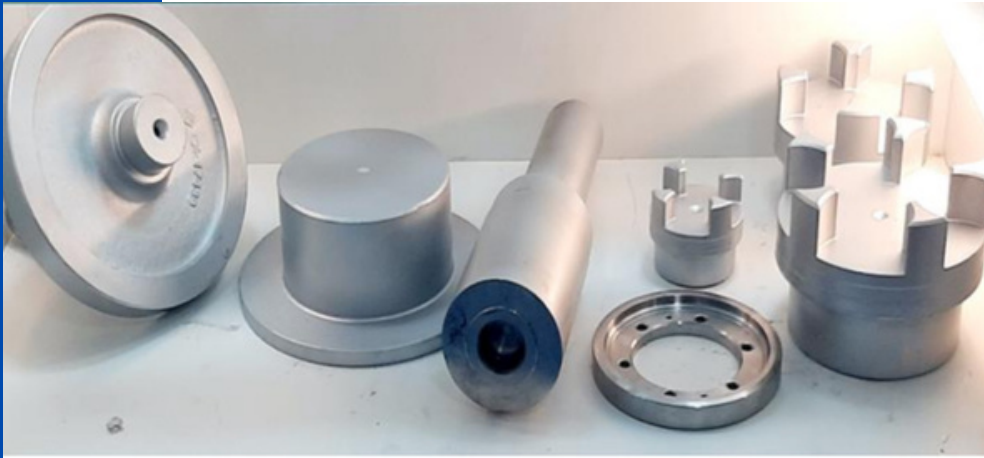

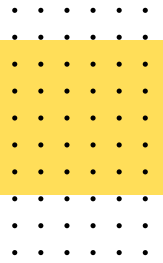

PRODUCTS

- Special Jaw Coupling
- Flanges
- Piston Shaft
- Covers
- Brake Disc
- Wheel Shaft
- Gear Box Shaft
- Main/Input Shaft
- Hard Spacers
- Trunion
- Gears
- Yoke

PRODUCTS

OUR ESTEEMED CUSTOMERS

- KTR Couplings India Pvt. Ltd., Pune
- PMP Drive Systems India Pvt. Ltd., Pune
- Bharat Gear Ltd., Mumbai
- HYVA India Pvt. Ltd., Mumbai
- IGW India Technologies Pvt. Ltd., Pune
- Sree Balamikai Industries, Bangalore
- VST Tillers Tractors Ltd., Hosur
- Indsur Gear Ltd., Sambhajinagar
- Trinity Auto Components Ltd., Pune
- ISMT Ltd., Ahmednagar
